## Newsletter 03/2024 (11)

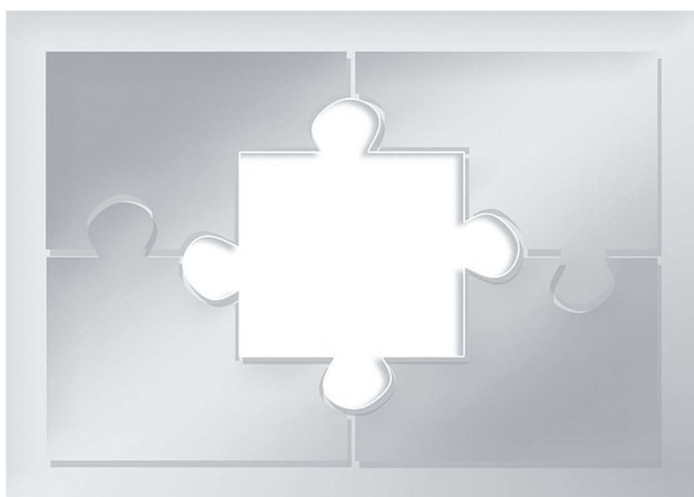

### *About Project*

*We are pleased to announce that at the beginning of June, our ErgoDesign Team has been joined by a new partner from sunny Italy - Prospecto Srl (more on page 5 of our newsletter). We are very excited about the new cooperation and we count on a fresh breeze in our sails!*

*We are also preparing an international conference - see you at the Poznań University of Technology in October! We are preparing interesting workshops!*

*Furthermore, we are still working on further results assumed in our project.*

## ***Our new partner - about Prospecto Srl***

*Prospecto Srl is an innovative startup founded in 2019 by a team of professionals with decades of expertise in European project design, professional training, public procurement, and open tender procedures. The startup develops innovative solutions, both technologically and procedurally, to assist companies and public entities in the following activities:*

*Customized Funding Search and Partner Search We help organizations and their users (businesses, individuals, and the third sector) identify calls for proposals and funding opportunities (local, regional, national, and European) in a simple and targeted manner. We also provide support in the creation of international partnerships.*

*Project Design, Management, and Monitoring We guide our clients step by step throughout the entire project design and project management process, including monitoring activities, Quality Assurance, and impact assessments. We also specialize in supporting public procurement procedures and calls for sub-granting actions.*

**We are on:**

24 October, 2024

Poznan University of Technology  
ul. Piotrowo 2  
room: 051CW

**"ErgoDesign - Improving digital skills  
for Ergonomics and Bioengineering Innovations  
for inclusive Health Care"**

**INTERNATIONAL MULTIPLIER EVENT  
PROGRAM**

**10.15AM - 10:45AM**  
Registration

**10:45AM - 11:00AM**  
Opening

**11:00AM - 11:30AM**  
Specialized software/digital tools for design in the Health Care sector -  
dynamic toolkit (Dr Maria Mpalanou - NTUA)

**11:30AM - 12:15PM**  
Transforming clinical practice with digital technologies: selected cases  
of 3D printed anatomically customized devices (Prof. Filip Görski - PUT)

**12:15PM - 1:15PM**  
Coffee break

**1:15PM-1:45PM**  
Innovating dentistry bioengineering: enhancing technical skills through  
university-clinic collaborations (Dr Diana Pavlova - TUV, Dentaprime)

**1:45PM - 2:15PM**  
The Ergodesign e-learning course (Prof. Gyula Szabo - OB)

**2:15PM - 2:45PM**  
The significance of anatomy in ErgoDesign (Prof. Tihomir Dovramadjiev -  
TUV)

**2:45PM - 3:00PM**  
Handbook to implement ErgoDesign-like courses (Prof. Katarina Monkova  
& Prof. Peter Pavol Monka)

**3:00PM - 3:15PM**  
Coffee break

**3:15PM - 4:50PM**  
Workshop: An inclusive Health Care (Dawid Odbierzyleb - Ensafé)

**4:50PM - 5:00PM**  
Closing

## Newsletter 03/2024 (11)

*We are proud of our partners 2!!!*

*Óbuda University facilitates the market entry of student innovations.*

*The recent collaboration agreement between Óbuda University and a student-led team, FilaMass (<https://www.filamass.com/>), specializing in advancing 3D printing technologies, aims to facilitate the market entry of student innovations.*

*As winners of the 2021 Proof of Concept (PoC) idea competition, FilaMass represents a significant step forward for the university in supporting student entrepreneurship. The agreement underscores the university's commitment to fostering innovative ventures. FilaMass aims to pioneer comprehensive 3D printing solutions that print and diagnose printing processes. Their creative approach has attracted attention, including them in the Start it @K&H Incubation Program, offering vital resources and networking opportunities for their development.*
